EDUCATION

Bachelor of Computer Science

James Madison University. Computer Science GPA 3.4

August 2023 - Expected Graduation 2027

HONORS AND GRANTS

- Commonwealth Cybersecurity Initiative Scholar (January 2026 -Present)
- VCU NSF Research Experiences for Undergraduates (REU) in Digital Forensics

RESEARCH EXPERIENCE

VCU NSF PLC Digital Forensics Internship

Virginia Commonwealth University

Summer 2026

- Advisors: Wooyeon Jo, Irfan Ahmed, and Adeen Ayub
- Worked to create system to identify authentication packets in hardware agnostic PLC systems such as Schneider Electric m221, Click C2, Siemens S7, etc.
- Made automation system to detect and run potential attacks on systems.

Commonwealth Cybersecurity Initiative Scholar

James Madison University

Spring 2026 - Fall 2026 (Ongoing)

- Advisors: Adeen Ayub, Dr. Jared Stoltzfus
- Attempting to create a system to identify when a PLC system is hijacked/controlled with privacy preserving machine learning systems.
- Ran tests of simulations of PLC HVAC activity.

High School Capstone Project

Glen Allen

2022-2023

- Created Russian Propaganda detection system on reddit with early form of generative AI GPT-3. Capable of scanning images via OCR and text posts and comments

PRESENTATIONS

- Digital Forensic Research Workshop, Fairfax Virginia, July 2026. Automation of Authentication Vulnerability Discovery in PLCs (Poster)
- VCU Summer REU Poster Presentation Lecture, Richmond Virginia, August 2026 (Lecture/Poster)
- Commonwealth Cyber Initiative Symposium, Richmond Virginia, April 2026. Automation of Authentication Vulnerability Discovery in PLCs (Poster)

LEADERSHIP/SERVICE

James Madison University Cybersecurity Club

Treasure and Secretary

2024-Present

- Managed and recorded bank account and expenses
- Sent announcements for club events and updates

James Madison University Fighting Game Club

Event Manager and President

2023-Present

- Handled 150 man events for club. Handled logistical supplies and ran brackets.
- Communicated with school to handle club authorizations and permissions.

TECHNICAL SKILLS

JMU Course Educated

- *Languages*: Java, Python, C/C++, SQL (Postgres), JavaScript, HTML/CSS, Ruby
- *Cybersecurity*: CS482 Cryptography, CS 457 Information Security, CS458 Cyber Defense
- *Developer Tools*: React, JUnit, Git, Docker, Google Cloud Platform, VS Code, Visual Studio, Eclipse
- *PLCs*: M221 Engineering software, S7 Engineering software, Click Engineering software

Club/Personal

- *Cybersecurity Tools*: Burp Suite, Nmap, NetCat, Wireshark, John the Ripper, Hydra, Hashcat,
- *Libraries*: pandas, NumPy, Matplotlib
- *AI*: LMStudio Web Server Hosting, OpenClaw, Deploying Agents, Locally Hosting AI models
